# Scénic

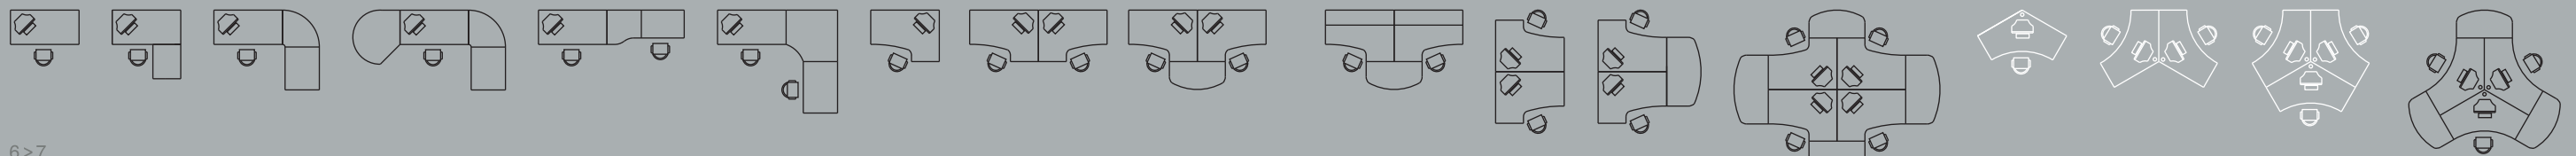

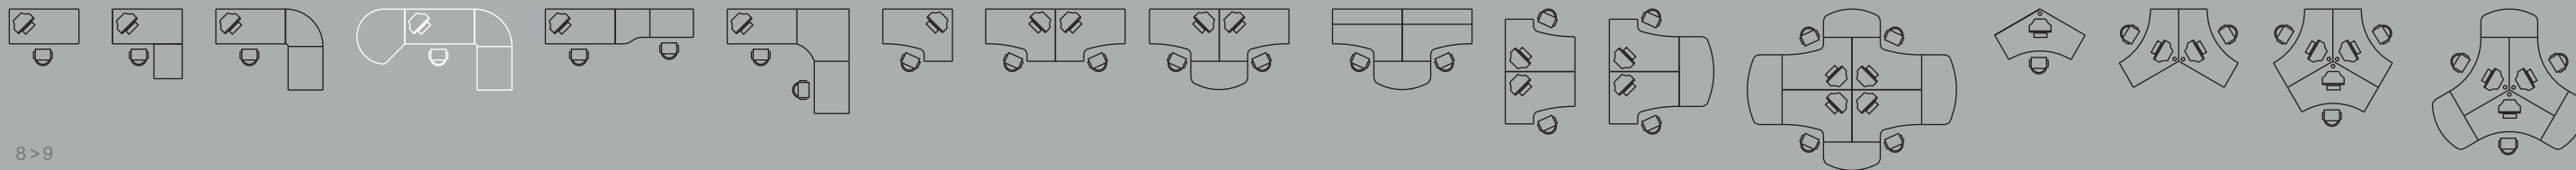

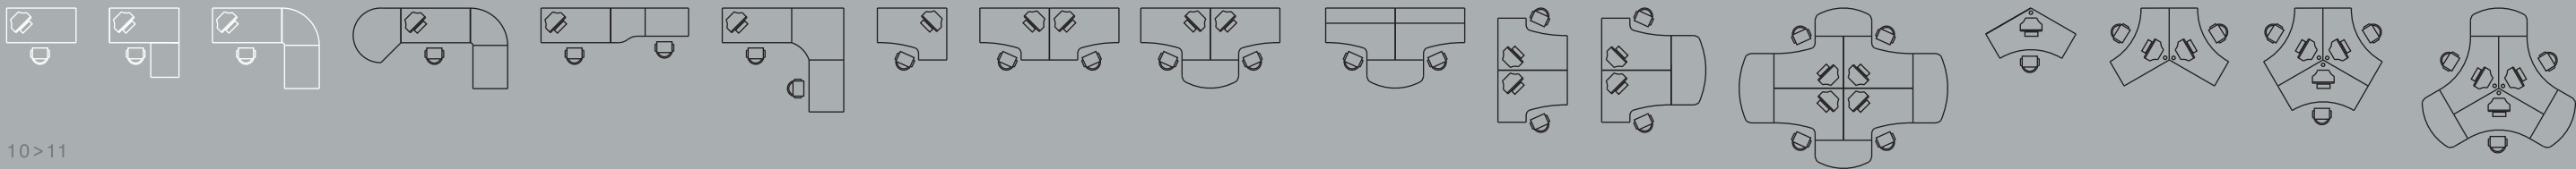

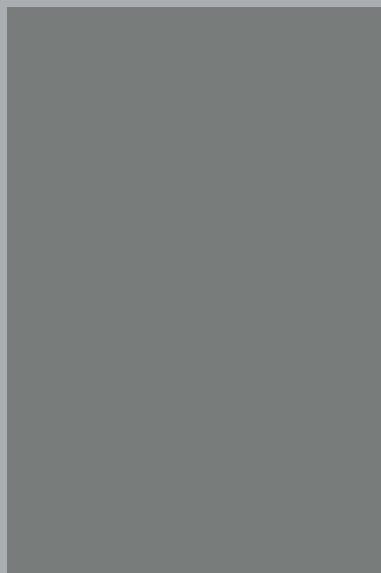

Trabalhar num escritório com mobiliário agradável é optar por uma certa forma de vida.  
Evoluir com satisfação é ser criativo.  
A linha SCÉNIC adapta-se com graciosidade às necessidades futuras.  
Tal como a coreografia, a linha SCÉNIC tem a imaginação como limite.

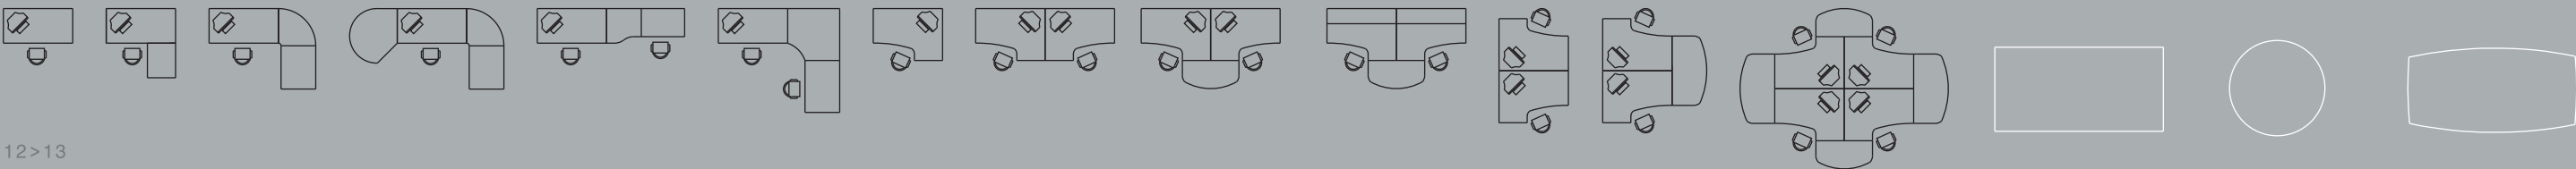

Working in an office with nice furniture is to opt for a certain kind of life.  
Progressing with satisfaction is to be creative.  
The SCÉNIC line graciously adapts itself to future needs.  
Just like choreography, the SCÉNIC line has imagination as its limit.

Trabajar en un espacio agradable es optar por una determinada forma de vida.  
Evolucionar con satisfacción es ser creativo.  
La línea SCÉNIC se adapta con gracia a las necesidades futuras.  
Igual como la coreografía, la línea SCÉNIC tiene la imaginación como límite.
